

10th Annual Syracuse Chargers Junior Invitational Regatta

05/21/11

EVENT DETAILS

The Syracuse Chargers Rowing Club in cooperation with the Onondaga County Parks and Recreation Department and various sponsors welcome you to this year's venue. The race course begins on Onondaga Lake and continues 1500m through the lakes outlet, passing the Syracuse University boathouse and finishing under the John Glen Bridge that spans the Seneca River.

PROGRESSION

Please complete the enclosed registration form and mail it in with your payment. All boats will be seeded based on order we receive your registration. The event progression is as follows:

- All will race a 1500m time trial format for their respective event.
- The 1st and 2nd fastest times will advance to the final.
- The 3rd, 4th and 5th fastest times will advance to a 1000m sprint repechage.
- The winner of each repechage will then advance to the 1500m sprint final.
- Following the flights and repechages, results will be announced and posted.

WEATHER CONTINGENCY PLAN

In the event of bad weather or a need to shorten the regatta, 3 crews will advance from the time trial directly to the final and the middle 1000m repechage races will be cancelled.

ENTRY INFORMATION & DEFINITIONS

The entry deadline is Saturday, May 14th. Late entries will only be accepted if space permits and a late fee of \$10/entry have been paid. Refunds will not be awarded for scratches. The 10 events are as follows: Boys/Girls Open 4+, Novice 8+, Freshman 8+, 2nd Varsity 8+ and 1st Varsity 8+. Teams may enter a maximum of 3 boats in any event. Athletes (both rowers & coxswains) are allowed to race in one (1) event only. All competitors must be eligible students or members of the school/club that they represent.

- **Novices** are considered participants who are in their first year of racing.
- **Freshmen** are considered 8th or 9th graders only.
- **1st/2nd/Open** events are open to any high school athlete from any grade.

REQUIREMENTS

All boats must be in safe and working order. Bow numbers are required and therefore will be provided for the flights, however proper fixation is the responsibility of the
